21-Oct	Pittsfield	PFFM - Pittsfield	54 Pecks Rd, Pittsfield	PITTSFIELD-ENGINE 5

Why should you participate in the Heart-Vascular and Cancer Ultrasound Screening?

First, early detection of any cardiovascular issues is crucial for preventing a serious health crisis. Unfortunately, doctors are usually unable to prescribe diagnostic tests without symptoms. A Heart and Vascular screen **tests for plaque build-up on the artery walls, blockages or restrictions in blood flow and indicates signs of potential strokes, heart attacks or aneurysms.**

Second, our health screen partner, **United Diagnostic Services**, is the only mobile screening company in the nation that is a certified cardiovascular lab. They are also the only provider from whom you will receive a comprehensive evaluation of the major abdominal organs to detect serious illnesses such as cancers, tumors and blood clots.

All tests are ultrasound based and therefore painless, and non-invasive. Tests include an Echocardiogram, Carotid, Abdominal Aorta, Thyroid, Liver, Spleen, Bladder, Kidney, and Testicular. This screen also includes an Exterior Pelvic scan for females. The examination will take approximately 30 min to complete.

Individuals wanted to register as “Self-Pay” will be sent an email with payment link due prior to screening. Cash and check payments will not be collected onsite. Cost is \$300.00.

Individuals holding “B-Fit Vouchers” will be required to indicate that at time of appointment registration.

Pre-registration is required. To schedule your appointment:

1. Go to: <https://udsscheduling.liveeditaurora.com/>
2. Select “create an account”
3. Complete the requested fields. (Bfit Voucher holders should enter BFIT on address line)
4. Click “Submit”
5. Under “Choose your location” select Location Name from chart above: “PFFM - xxx”
6. Under “Choose Your Type of Appointment” select: “Ultrasound Screening”
7. Click “Search”
8. Select your desired appointment date/time (*note: room number does not matter! Pick either 1 or 2*)
9. Click “Book”
10. A blue dialog will appear, Click “Book Appointment”
11. You will get a welcome email and appointment confirmation email with exam instructions
